

Colonel Dharam Pal Sharma, New Delhi, India

On 19 Oct, 2009, my son Amandeep was to undergo a Hernia operation. During this trying time we were praying to Taiji for her blessings. To our surprise at that moment we got an unexpected phone call from Abhi Kanitkar from the US. After telling him about the scheduled operation, he conveyed to us a Sloka from the Gita which was recommended by Tai to some people. I started chanting that sloka all the time remembering Taiji in the form of Lord Krishna. All the time I always felt her strong presence with us as if she was physically standing next to us taking care of her beloved ones.

My son underwent the operation in the early hours of Oct 20, 2009. As we were praying to Lord Krishna during the whole duration, the doctor came out of the operation theatre and conveyed to us the good news we were eagerly waiting for i.e the operation was a success. We all were so relieved by hearing this outcome, it really felt like a long day. I wholeheartedly thanked Taiji for her help and blessings and asked her to bless with her presence all the time.
